

# BusCount by hiHats User Manual

30/10 2015

### 1. Log in to the application

If you do not already have an existing profile, sign up by filling in “username” and “password” with desired text. Then click the “Sign Up” button and the application will create an account and sign you in.

If you already have an account, fill in your username and password then click the “Log In” button.

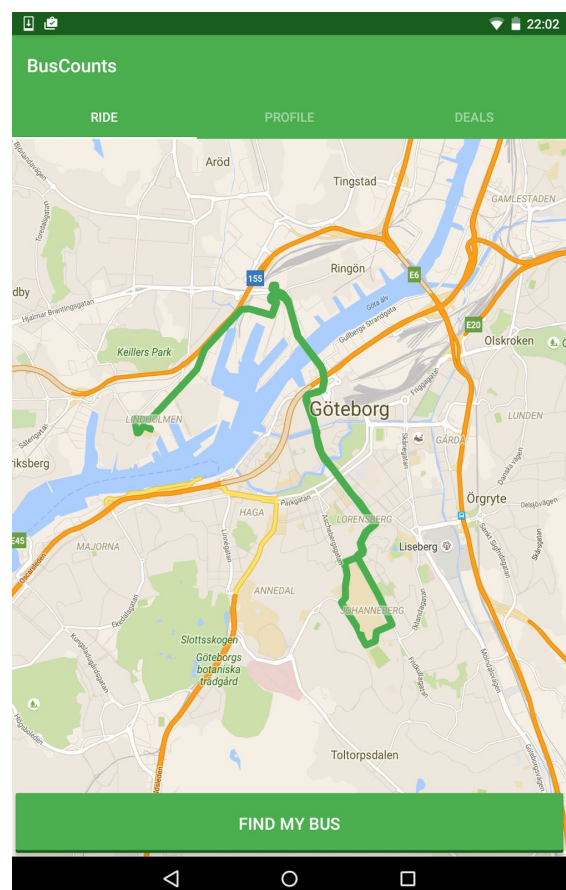

### 2. Find bus and receive points

When a user has logged in to the application and is near a bus, the user can find the nearest bus by clicking the button “Find my Bus”. If a bus is found, the user just has to get on the bus and get off at the desired location.

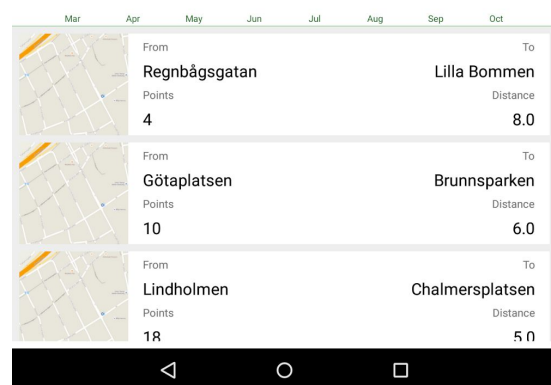

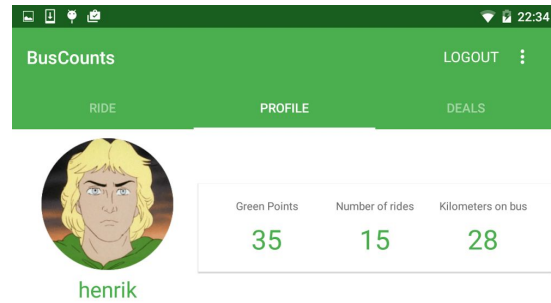

### 3. End ride

The ride ends when the user clicks on the “Stop Ride” button. This will end the ride for the user and present a summary of the ride.

#### 4. See profile page

To see your previous rides, how many green points you have and statistics over your riding, swipe right (or click the “Profile” tab) to get to your profile.

#### 5. Claim deal

When the user has navigated to the tab called deals. The user will be presented with a list of available deals. If the user has enough points the user can claim a deal.
